

KSU VISION SESSION

When: 9 February 2012

Where: Razak School of Government

Who: YBhg. Dato' Madinah Binti Mohamad

Target Group: The public and private sector, academics and NGOs

About the KSU Vision Session

This session will enable KSU to share their vision for their Ministries and how they intend to achieve it. It will enable their vision to be challenged by the audience. This session will also enable KSU to share their experiences on being a leader in the public service sector and provide some insight of the challenges and advice for the audience.

About the Speaker

Dato' Madinah binti Mohamad was officially appointed as Secretary General, Ministry of Science, Technology and Innovation, Malaysia (MOSTI) on 22nd April 2009. As the Secretary General of the Ministry, she is very much involved in the administration of MOSTI and directly in charge of the development of science, technology and innovation in Malaysia. The drafting and formation of new policies especially on innovation is one of her main priorities. She is currently involved in developing *Dasar Sains dan Teknologi Negara Ketiga*. The implementation and progress of related policies which are already endorsed by the Government, such as Biotechnology Policy, IT Policy and National Science and Technology Policy are also within her purview. Dato' Madinah had previously participated in the Science, Technology and Innovation (STI) Policy training workshop in collaboration with UNESCO and ISESCO. Dato' Madinah will be sharing her experiences in the development of policies that are crucial in the science, technology and innovation sectors.

Objectives

To provide a platform for MOSTI KSU to share her experience on being a leader in the public service sector and provide some insight of the challenges and advice for the audience.

Programme Outcomes

Promoting interactive and engaging knowledge sharing between the Secretary General and the public officers in Malaysia.
